Spanish Cultural Days resources

These Cultural Days materials are aimed at teachers and their primary and secondary students and are designed for Key Stage 2 to 5. They are offered in Spanish, French and German and tailored to different Key Stages. They include, for each language:

- [Language taster sessions](#) for primary and secondary levels in French, Spanish and German offering a first glimpse of each language. These can be run by language teachers or teachers/students with intermediate/advanced knowledge of the language. Each taster session contains a Powerpoint presentation, Teacher's Lesson plan and worksheets.
- [Cultural exploration/performance sessions](#) offering an insight into Spanish country's culture and prompts for a final student performance (e.g. a song or poem in a foreign language) or presentation (e.g. artwork, history). Sessions cover topics such as sports, arts, music, history, food and many more. Each cultural exploration/performance session contains a Powerpoint presentation, Teacher's Lesson plan and worksheets.
- [Language and culture quiz with ideas and tips for a language exchange](#): Designed for secondary schools, the quiz takes students through French, Spanish and German speaking regions and cultures and offers a fun and engaging opportunity to compete against peers, learn about other cultures and win some prizes. Additionally, our ideas for a language exchange go beyond French, Spanish and German and encourage students to engage with the diverse range of languages they are surrounded by.

Each resource is accompanied by a detailed teaching guide for the teacher, as well as more ideas and tips to create a memorable, fun and creative celebration that addresses language and cultural aspects for the entire educational community.

You do not need to be a language teacher to lead the sessions.

The material is also aimed at the A1 level of each language. KS5 students can even be encouraged to lead the "Cultural Days" sessions.

The resources have been designed in partnership by the Spanish Embassy Education Office, National Consortium for Language Education, Goethe Institut and the Institute français.

Popular Children's Songs: Spanish in Primary:

[Click here](#) to download a collection of the Spanish children's songbook. With these songs children play, sing and dance in the courtyards and streets of many towns in Spain. They are songs that, like lullabies, have been awakening them to the world of the rhythm of language, to the world of words, of play and of affections. With explanatory booklet and audio files. You can also access Primary songs as part of the Culture Days package. These are the links the [lesson plan](#) (in English), [presentation](#) and [student worksheets](#).
